Health Ed

We have been covering a range of topics in our Health Ed sessions. As well as set class tasks, students have been using online Health Ed games to learn about hygiene, healthy eating, appropriate clothing for the different seasons, puberty and public and private. We have also accessed the public library which allows us to borrow books from all over the state on Health Ed topics. Some of these are books specifically written for students with autism. 2016 Term Dates:
Term 3: 11/7—16/9
Term 4: 3/10—20/12
Students entered 4 pieces of artwork in the Mirboo Nth Art Show recently. Earrings were made from painted milk containers. Perler beads were melted together using the oven and a heat gun to create a gorgeous bowl. And the bottom of water bottles were cut out, coloured and used to depict flowers in a brightly coloured picture. Whilst no awards were won, a number of professional artists commented on the great use of recycled materials. Well done Room 4!

Freestyling artists

Room 2 students have recently been experimenting with lots of different materials and techniques for making art. Some of the artwork created has involved spreading frozen paint cubes with paddle pop sticks, creating rainbow jars using different liquids and dying chickpeas. The students have been willing to try all of these quirky approaches to art which has been a lot of fun. Tom Cannon

Dear Parents and Carers,

Welcome back to a new term. I have been informed by staff that last week was a very settled week for our students who have started the term off beautifully. Nice to see our students returning from holidays happy and relaxed.

Staff Changes
Over the holidays, Heather Saint, our Business Manager, has decided to leave us after 12 years. We wish her all the best for her future plans. At present, Sheree is taking over the role until decisions are made about staffing for the rest of the year.

Curriculum Day
This Friday is a Curriculum Day so no students are required at school. Teaching staff will be listening to a presentation from Family Planning Victoria about “Relationships and Sexuality Education Professional Learning Program for staff working with students with an intellectual disability”.

Parent Opinion Survey
This week we have posted the 2016 Parent Opinion Survey to all our families. This is an important way for the school to get feedback from our parents, and make changes to improve the school. It would be very much appreciated if families could fill them out, and return them in the envelope provided.

Term 3 events
In Term 3 we have a number of exciting events coming up.
July 22nd - Curriculum day. No students at school.
August 25th - Book Week Dress Up Day
September 9th - School Concert followed by a light lunch.
September 16th - End of Term 3

Have a great weekend.
