

What is School Wide Positive Behaviour Support?

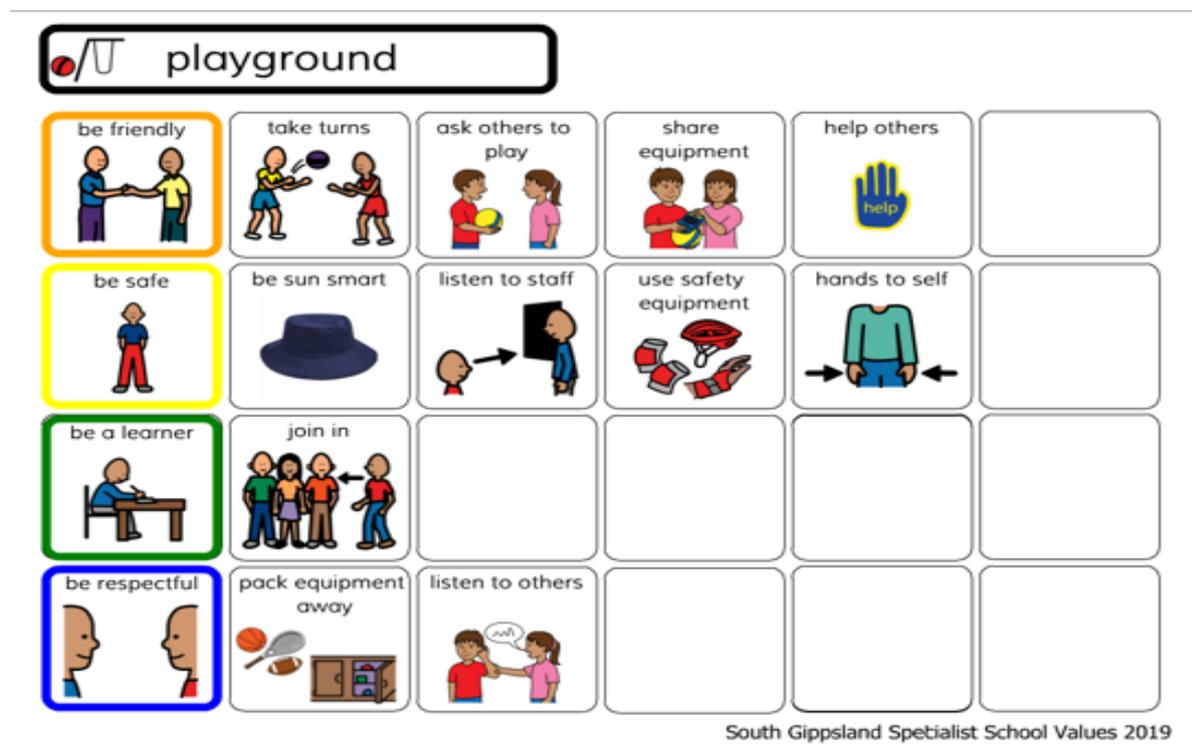

South Gippsland Specialist School began implementing SWPBS in 2012 with the purpose of *establishing, a safe, supportive and positive learning environment.*

This year we have modified aspects of the SWPBS system to incorporate aspects the Respectful Relationships Initiative into the system.

At SGSS, the school community has developed four simple expected behaviours:

Students are explicitly taught the schools expected behaviours across the school with the support of visuals such as this.

Students who are following the schools expected behaviours are acknowledged by being given a token and then they exchange that token for a prize. The token winners are then published in the newsletter.
