POSITIVE START 2022

Victorian Government's Positive Start in 2022 initiative which provides Victorian students more opportunities to participate in fun and engaging camps and experiences in 2022. Over the past two years, kids have missed many of those extra-curricular activities that are such an important part of their whole education. This means the students will have access to free camps, excursions and music experiences in 2022.

SUNSMART

Just a reminder to ensure that students have a broad rimmed hat for term 1 and term 4. UV ratings are quite high during these terms.
